**Subject: Ares(2025)2554177 – Share goals with the EU**

Dear Mr Pohl,

Thank you for your email to President Von der Leyen, to which I am replying as Head of Unit of the Artificial Intelligence Innovation and Policy Coordination unit.

I congratulate you for the achievement of being recognised as an expert. Indeed, the European Commission is deeply committed to ensuring that AI technologies are developed in ways that are ethical and beneficial for all citizens, while strengthening the EU's competitiveness. For this purpose, the AI Continent Action Plan was adopted on 9 April, outlining key actions to make the EU a global leader in AI.

Furthermore, we are dedicated to involving the public in shaping our AI strategies. The public consultation for our new Apply AI strategy aims to gather valuable insights from public and private stakeholders, as well as European citizens. We would welcome your contribution to this consultation. Please find hereafter the link:

[Commission launches public consultation and call for evidence on the Apply AI Strategy | Shaping Europe's digital future](#)

Yours sincerely,

Malgorzata NIKOWSKA  
Head of Unit
